

How **smart** is your dollar?

MAXIMIZE your income with a **Flexible Spending Account**

Benefit Coordinators Corporation's FSA administration services paired with My SmartCare technology makes it easier than ever to have Uncle Sam help pay for certain medical, dental, and optical expenses that are not otherwise covered by your insurance plans

SAVE on Predictable Expenses

Each one of us would like to have more money in our pocket. Participating in your company-sponsored Flexible Spending Account can do just that! [What types of FSAs are available?](#)

▶ Health Care Reimbursement

Use this account to pay for qualified, medically necessary medical, dental, or optical expenses that are not covered by any of your insurance plans. A partial list of eligible expenses is listed in this brochure. Either you or your eligible dependents can incur these expenses.

▶ Dependent Care Reimbursement

You can set aside funds annually to offset daycare expenses for your eligible children or elderly dependents. Daycare expenses are defined as those that are necessary in order for you (and your spouse, if you're married) to continue working.

CALCULATE your Expenses

Use these worksheets to estimate your annual expenses. Estimate conservatively, because any funds left in your account at the end of the Plan Year may be forfeited under IRS guidelines. Remember, calculated amounts cannot exceed the calendar year limits established by your plan sponsor and the IRS.

A STRATEGY that works for EVERYONE

Flexible Spending Accounts offer employees a unique way to pay for certain necessary expenses with tax-free dollars.

These examples help illustrate how you might see more money in your pocket by participating in a Flexible Spending Account.

Christy is a divorced parent raising two children alone with an annual income of \$30,000. She uses her **Premium Conversion Account** to pay her monthly premium contributions for their group medical and dental plans. She uses the **Health Care Reimbursement Account** to receive reimbursement of their annual medical and dental deductibles. Christy uses her **Dependent Care Reimbursement Account** to pay for daycare expenses on a pre-tax basis. By participating in the **Flexible Spending Account**, Christy's spendable income is increased by **\$158.99 per month**.

Paul and Jenny are both employed, have two children, and have a combined annual income of \$76,000. They decide on a **Premium Conversion Account** to help pay the premium contributions for their dependent medical coverage. Their **Dependent Care Reimbursement Account** helps with their daycare expenses. One of their children is in braces, so they also use the **Health Care Reimbursement Account** to help pay orthodontic expenses not covered by their dental plan. By participating in the **Flexible Spending Account**, Paul and Jenny increase their spendable income by **\$266.82 per month**.

Mike and his wife Linda have two grown children that no longer live with them. Mike's annual salary is \$98,000 and he uses a **Premium Conversion Account** to pay for the monthly premium contributions for health care coverage for himself and his wife. He uses the **Health Care Reimbursement Account** to cover their annual medical and dental deductibles. By participating in the **Flexible Spending Account**, Mike's spendable income is increased by **\$128.01 per month**.

My SmartCare makes it **SIMPLE**

► **ONLINE & MOBILE ACCOUNT ACCESS**

We are all 'on the go', so why shouldn't our FSAs be too? The My SmartCare online portal and mobile app are fast, secure, and best of all - **CONVENIENT!** Check your account balance in real-time, file a claim for reimbursement by snapping a photo of the receipt, check on a claim status from anywhere, and more! It's that **SIMPLE!**

By registering with My SmartCare, you will begin receiving e-mail or text notifications (your choice) to help you manage your funds. You will be alerted of your account balance each month, when a manual claim begins processing, and when a debit card is mailed to you. The My SmartCare app is available for iOS and Android users.

► **BENEFITS DEBIT CARD CONVENIENCE**

The benefits debit card has made spending your FSA funds on eligible expenses easier than ever! If your plan-sponsor utilizes this feature, the card allows you to avoid out-of-pocket expenses, cumbersome paperwork, and reimbursement delays. Swiping your benefits debit card at the point of service deducts the payment directly from your account, giving you instant access to your FSA dollars. It can be used at all eligible FSA locations where Mastercard® is accepted.

One card can manage multiple account types, such as a Health Care Account, Dependent Care Account, Commuter Account, or Health Savings Account. The My SmartCare online portal and mobile app support the use of this benefits card by separating each of your account types for fast and easy review of all your funds in one place.

► **DIRECT DEPOSIT**

If you don't use your benefits debit card for payment or your plan-sponsor does not utilize a benefits card, you may have your reimbursement deposited directly into your checking or savings account. These transactions are reflected on the Explanation of Benefits (EOB). To enroll in this optional service, use the Reimbursement Settings in your My SmartCare account to set up your bank account information or obtain an authorization form from your HR Department and submit a completed copy to BCC.

► **REIMBURSEMENT EASE**

If your plan-sponsor utilizes the benefits debit card, you can swipe your card at the point of service to automatically use your FSA funds. If you don't have your card with you or your plan does not include a debit card, you can simply use one of these methods to submit for reimbursement:

Frequently Asked **FSA QUESTIONS**

How do I know how much money is in my accounts?

You can check your balance through the My SmartCare online portal, mobile app, or by calling BCC's Customer Service Call Center. Once you register with My SmartCare, you will receive monthly balance reminders.

What are some examples of eligible FSA locations and providers?

These would include hospitals, physician's offices, dental offices, vision service locations, and pharmacies (retail and online).

When can I start using my FSA funds?

You can access your entire annual contribution on the first day of your Plan Year. For example: if your Plan starts January 1st and you incur a large expense that day that is not covered by your insurance plan, you can submit the expense (up to your annual contribution amount) for reimbursement even though the Plan Year's contributions have not all been collected.

What happens to the money left in my account when the Plan Year ends?

Check with your plan-sponsor for guidance on what happens to your unused funds when the Plan Year ends. Remaining funds may be forfeited under the IRS "Use It or Lose It" rule. Or, your plan-sponsor may have adopted a rollover provision or grace period.

RULES TO REMEMBER

Participants must actively enroll in an FSA plan each year. FSA Enrollment does not automatically carry forward from one Plan Year to the next.

Once FSA contributions begin, an election can change ONLY if a change in family status occurs, as defined by the IRS. This includes marriage, divorce, birth or adoption of a child, or the death of a dependent.

IRS regulations very clearly define FSA rules because you are affecting your taxable income by contributing to an FSA. You must keep these rules in mind when you are planning your contributions and using FSA funds.

Be aware that when taxable income decreases, one's Social Security contributions decrease. This reduction of Social Security (FICA) contributions may affect future retirement or disability benefits.

Estimate your annual contributions conservatively as unused funds at the end of the Plan Year may be forfeited under the IRS "Use It or Lose It" Rule. Check with your plan-sponsor on any available rollover provisions or grace periods.

If enrolled in more than one FSA category, reimbursement can only occur from the account for which the contribution was designated. In other words, if a contribution is made to both Health Care and Dependent Care Accounts, reimbursement for a dependent care expense cannot occur from the Health Care account.

Q&A: BENEFITS DEBIT CARD

Do I choose Debit or Credit at the payment terminal when I use my benefits debit card?

Your benefits debit card can be swiped as either credit or debit at the time of purchase, leaving the option up to the user. If you choose to swipe as credit, you will need to sign for the purchase. If you choose to swipe as debit, you will need to enter your PIN number for purchase. To obtain the PIN associated with your card, you can use the My SmartCare online portal or mobile app. Your PIN is pre-determined at issue and cannot be customized.

What do I do if I forget my benefits debit card PIN?

You can only retrieve your PIN through the My SmartCare online portal or mobile app. For security purposes, neither BCC's Customer Service Call Center nor your HR Department have access to your PIN. If you forget your PIN, you can swipe your card as credit and sign for the purchase instead.

Can I get cash back at the point of sale or ATM with my PIN?

No. Your benefits debit card is only to be used for qualifying purchases and is not enabled for cash back.

How can I use my card if I receive a bill from a provider in the mail?

If the bill provides a space for payment via credit card, fill out that section with your card information OR call the provider for payment over the phone, just as you would when paying with any other credit card.

What if the doctor's office does not take credit cards?

In these instances, cardholders will have to use another method of payment and then submit a manual claim.

What should I do if I accidentally use the card for an ineligible expense?

If this happens, you will receive a notice from BCC asking that you reimburse the account for the ineligible amount.

Can I order additional cards for my family?

Yes. You can order an additional benefits debit card for your spouse or other eligible dependents (over the age of 18) by calling BCC's Customer Service Call Center and verifying that you are the policy holder. They will provide you with a form that must be completed and returned to BCC for processing and card generation.

What do I do if my card is lost or stolen?

Lost or stolen cards must be reported to BCC. This can be done through the My SmartCare online portal, mobile app, or by calling BCC's Customer Service Call Center. A replacement card will be ordered and the lost or stolen card will be deactivated immediately. Your replacement card will have a new PIN.

What do I do with my card after I've used all of my available funds?

Your benefits debit card is good for up to three years. Keep the card after you have used all of your available funds because you will be able to use it again next year when you re-enroll. If you do not enroll the following year, your card will still stay valid for future plan years until the expiration date printed on the card is reached.

Do I still need to keep my receipts?

Yes. Although there is no requirement for you to complete claim forms and submit physical receipts, additional documentation may be requested in some cases to confirm the eligibility of a benefits debit card purchase.

Why should I use my benefits debit card if I still might have to submit paper at a later date?

Not all transactions will trigger a request for substantiation. According to IRS Publication 969, "...stored value cards given to you by your employer can be used to reimburse participants in a health FSA. If the use of these cards meets certain substantiation methods, you may not have to provide additional information to the health FSA." BCC's hosted debit card system works in conjunction with registered IIAS terminal (a debit card "Swipe" terminal) merchants to help ensure cards are used for eligible expenses only. Using providers that maintain membership in this system eliminates the need for substantiation for specific dollar transactions, such as: amounts that coincide with co-pays or multiples of co-pays, reoccurring medical expenses or items that are Code §213(d) medical expenses.

My transaction is a Code §213(d) medical expense. Why did I receive a letter requesting additional documentation?

To ensure compliance with IRS guidelines, BCC must perform audits on large dollar claims and amounts over \$50.00 at grocery stores or 'super centers' where it is not readily discernible as to the use of the funds. Additional audits may also be performed to ensure the integrity of the claims payment process.

My benefits debit card transaction already went through and payment was made.

What happens if I don't respond to BCC's request for documentation?

Failure to provide appropriate documentation within 30 days from the date of the initial request will result in the benefits card being made temporarily inactive. Claims will then only be processed via the regular request for reimbursement method until appropriate documentation is received, reviewed, and approved.
