

WORKERS' COMPENSATION INSURANCE

The Foundation provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period, or, if the employee is hospitalized, immediately.

An employee who sustains a work-related illness or injury must inform the Foundation Human Resources Department immediately. No matter how minor an on-the-job illness or injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible and it will alert your employer to potential workplace hazards.
